DEDICATED TO NEUROSCIENCE

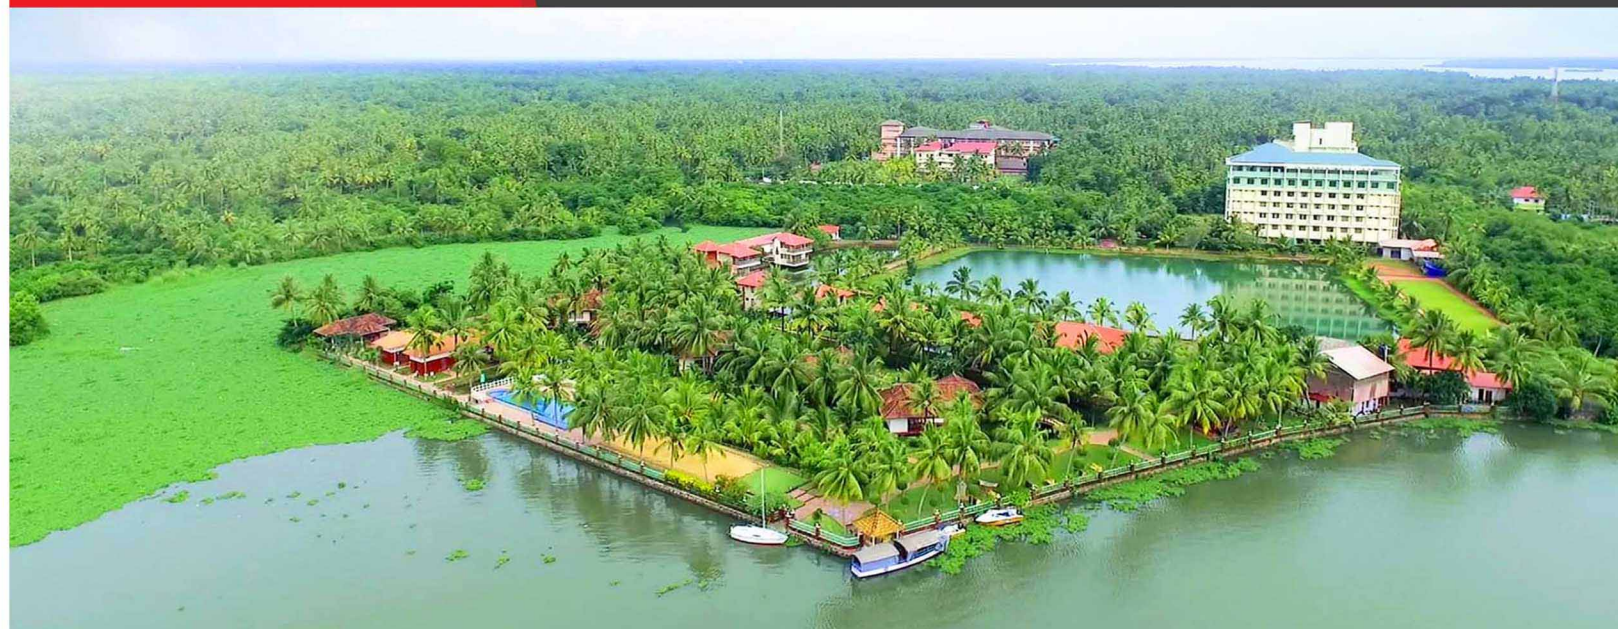

... The Queen of Vembanadu Lake

World Class Facilities

Indo American Hospital, IAH is one of the leading hospitals in Kerala specialised in Neurosurgery and Neurology. Incepted in 1996 under the aegis of the Bahuleyan Charitable Foundation, the Indo-American Hospital, Brain and Spine Centre is a supreme blend of American Technologies coupled with Indian tradition of selfless service to humanity.

Born out of the vision of **Dr. Kumar Bahuleyan**, an eminent Neuro Surgeon & Philanthropist, this Super Specialty Hospital has been providing all facilities as available in any of the finest hospitals in Europe or USA for highly specialized treatments of Brain and Spine over 22 years of existence.

Indo American Hospital has emerged as a center of medical excellence with medical specialties like Neurology, Neurosurgery, Endo Vascular Surgery, Neuro Radiology, Neuro Psychiatry, ENT, Neuro Rehabilitation, Physiotherapy and Pediatrics. At IAH, a multi-disciplinary team of talented medical professionals work round the clock to ensure complete, compassionate care of patients.

KALATHIL LAKE RESORT

Kalathil Lake Resort attached to IAH provides excellent facilities for international patients who wish to enjoy the benefits of world class treatment in God's Own Country.

Expertise with Us

Being the pioneers in this field , we have been
rehabilitating:

- Spinal Cord Injury
- Stroke
- Brain Injury
- CP patients
- All Neuro Musculoskeletal Disabilities.
- Pain Clinic
- Speech Therapy Wing
- Paediatric Rehabilitation Wing

The department has a well equipped air conditioned
therapeutic gymnasium

The College of Physiotherapy which gives training for
Bachelors and Mastersdegree in Physiotherapy with
special emphasis in neuro physiotherapy.

The Indo American Hospital provides skilled physical,
occupational and speech/language therapy services for
adults and children with a range of neurological disorders.
Our comprehensive treatment approach includes
addressing the physical, emotional, and psychological
components of each patient. Our team evaluates each
patient focusing on movement patterns, strength,
flexibility, functional ability, balance, and tone. Therapists
work closely as a team with physicians, specialists and
family members to adapt each treatment as patient
progresses toward reaching each goal.

ACADEMICS

BCF College of Physiotherapy

BCF College of Physiotherapy was opened in the year 2009 offering the 4 year Bachelor's degree in Physiotherapy awarded by Kerala State Medical University. It has now been recognized to train students for Master's Degree with special emphasis on Neuro Physiotherapy, which facility is currently available only in very few centres in the State.

BCF College of Nursing

Best practices, compassion, and familiarity with advanced technology to create an unmatched culture of excellence in the treatment of Neuro patients. With this intention BCF started the 4 year Bachelor's degree course in nursing in the year 2008. Each year 50 nursing students pass out of this college who would have gained specialised training in Neuro care and treatment, in theatre duties and ICU.

DNB Neurosurgery Program

Every year one candidate with a basic MBBS degree is selected by the National Board and allotted to the hospital for a 6 year rigorous residency program consisting of practical, theory, research and examination at the end of which they are awarded the post graduate Dip. NB qualification in Neurosurgery by the National Board.

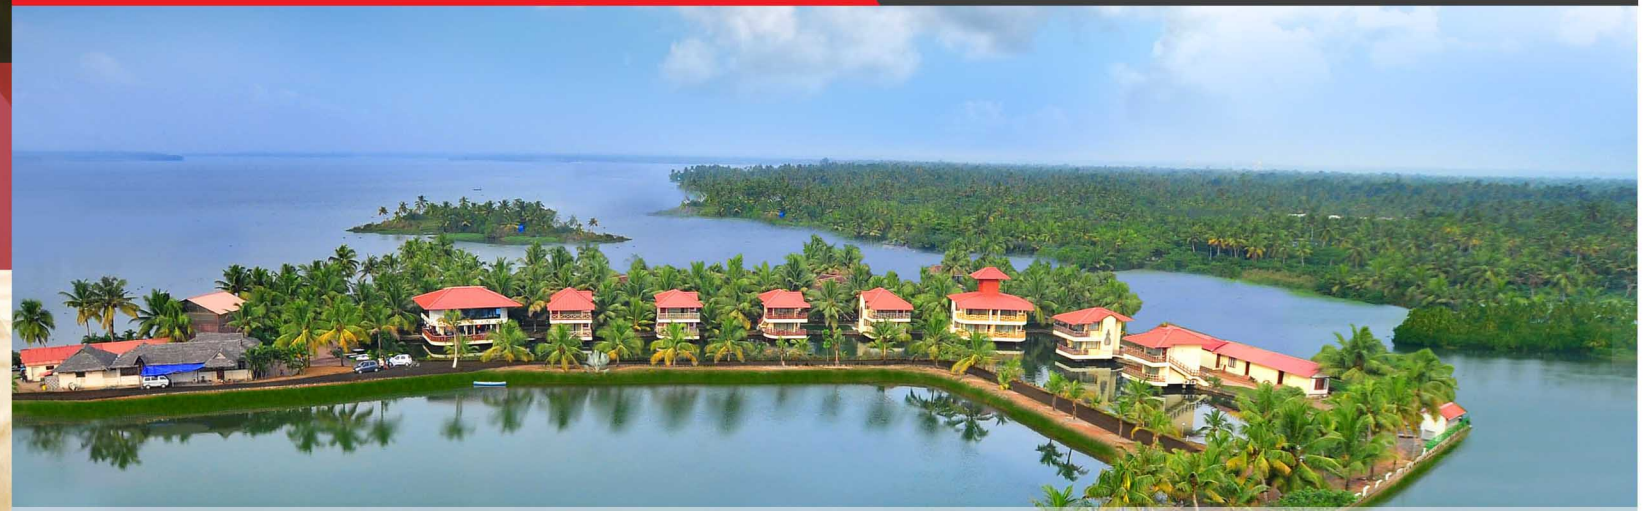

MEDICAL TOURISM

... The Queen of Vembanadu Lake

KALATHIL LAKE RESORT - A backwater resort built on the shores of Vaikom Kayal (lake) a part of the large Vembanad Lake, The resort is located adjacent to Indo American Hospital. It has earned a niche position in the tourist map of Kerala as a serene luxury resort overlooking the backwaters situated in the temple town of Vaikom.
